CYPRUS

What starts out as a ride through the roads close to some of the most famous beaches in Cyprus starts to transform into an amazing ride through the Cape Greko national park. An amazing ride through concrete bike paths all the way to the smashing waves on the cliffs surrounding the cape before you continue on your journey. If you are riding a road bike, then you will have to skip the dirt road at about 17.5km after your out and back loop to Cape Greko. This is a really lovely ride, and make sure you bring some money to have a coffee at one of the amazing cafés along the way. 99% asphalt. There is an easy way to make this loop shorter by continuing on the main road instead of taking the 330 road past the church, thus reducing the course by at least 10km.

The routes are not marked. All routes are runned at your own risk. Bring water/fluid and extra energy if needed.
